ISEE SUBMISSION FOR REQUEST OF INCOME BRACKET DEFINITION

Students that want an income bracket different from the maximum one, they have to provide the dedicated request through the On-line Services and they must have previously obtained the 2017-ISEE Certificate "for services for the Right to Higher Education" and "without omissions and differences" by the INPS.

The deadline in order to avoid late payment of delayed submission of the request for different income bracket is the 31 March 2017, as to say that for the above mentioned date, it will be required to have a DSU (single self-declaration) submitted to INPS, DSU is the basic document for calculation of the 2017-ISEE Certificate.

For those who ask to be assigned to an income bracket starting from 01 April 2017 and until 31 December 2017, the income bracket will still be assigned but with a late payment of € 200 for delayed submission of application.

The late payment of € 200 for delayed submission of application will be charged also to those that even if they asked within 31 March 2017 for a different income bracket they have submitted the application without obtaining, within 31 March 2017, the DSU (single self-declaration) by the INPS.

Foreign students with no income in Italy are required to obtain the equivalent ISEE certificate in one of the CAFs affiliated, according to the procedures and deadlines available on the Fee guide and on the website: www.polimi.it
