NOTICE OF SELECTION

A competition has been launched for the selection of 23 students who will participate in the HONOURS PROGRAMME “Scientific Research in Information Technology (HP-SRIT)” activated in the following study programme:

- Computer Science and Engineering – Ingegneria Informatica.

The Honours Programme “Scientific Research in Information Technology (HP-SRIT)” is an educational parallel path that can be carried out at the same time as the Laurea Magistrale (equivalent to a Master of Science) Study Programmes, with the aim to provide students with the methodological bases and knowledge to carry out research activity in the Information Technology field. It includes three different, inter-connected elements:

- extra curricular exams,
- realization of a graduation work with significant results of scientific research in the Information Technology field, with the aim to write a scientific document,
- participation in seminar activities.

For further details see http://www.honours-programme.deib.polimi.it

The competition is open to students of Politecnico di Milano regularly registered to the a.y. 2021/22, to the first year of the study programme mentioned above, with at least 20 ECTS regularly passed, at the time of the deadline of this call, and a weighted average of at least 27.5/30.

The available positions are shown in the table below:

The application must be submitted through the dedicated function available from On-line services (section Admission Inquiries> Admission and selection procedure) by midday (Italy time) of April, 22 2022.

It is compulsory to include, together with the application form the following documents (in pdf format of maximum 10 MB) written in English:

1. Curriculum Vitae;
2. motivation letter;
3. list of research topics of interest to the students (at least two). The research topics are available at the following link http://www.honours-programme.deib.polimi.it.

Candidates are required to have either physical or virtual meetings with the proposers of the research areas of their interest before the application is submitted. For this purpose, the exchange of emails with the proposed teacher must include the address honoursprogramme-deib@polimi.it in cc.

Files must be named Surname-Name_Kind of annex.pdf (for example Smith-John.CV.pdf).

The closure of the on-line application is equivalent to submitting the application.

Failure to close the application or its incompleteness will imply the exclusion from the selection procedure.

The selection is made by a committee appointed by the Steering Committee and consists of the Responsible persons for each Study Programme. The Committee can ask for the opinion of the Scientific Commissions of the Study Programmes, if appointed.

The evaluation will take into account:
• weighted average of the exams and ECTS obtained;
• motivation letter;
• the compatibility of the research topic with the student's educational career;
• extra curricular activities and experiences, previously carried out, related to research topics.

The list of students admitted to the programme, for each study programme, will be published by April, 30 2022 on the web page https://www.polimi.it/corsi/percorsi-di-alta-formazione/honours-programme-scientific-research-in-information-technology-esr-it/

Each student admitted to the programme will be asked to confirm, within ten days from the publication of the ranking, his/her participation in the Honours Programme and, at the same time, s/he will be asked for acceptance of the research topic assigned.

The student's refusal of the research topic assigned excludes him/her from the programme.

In case of renunciation, the administration will go on, where possible, in scrolling the ranking.
The requirements to obtain the Honours Programme “Scientific Research in Information Technology (HP-SRIT)” are reaching the weighted average of no less than 28.5/30 and the achievement of the laurea magistrale (equivalent to Master of Science) study programme within 3 academics years from enrollment.

Regarding the processing of personal data, in accordance with Article 13 of EU Regulation 2016/679 of 27 April 2016, please refer to the information provided at the following page of Politecnico’s website https://www.polimi.it/en/policy/privacy

According to art. 5 of The Act 7 August 1990, No. 241, the Person responsible for the proceedings referred to in this call is Dr. Gianluca Attolini.

Milan, 11/04/2022

The Rector
Prof. Ferruccio Resta
