Dear Students, Dear Colleagues,

The monitoring unit composed by myself, the General Director, the Executive Vice Rector, the Vice Rector, the Deans, the Delegate for Education, the President and Vice President of the Student Council, the Heads of the involved Administration Areas met this morning. Main goal of this unit is to continuously monitor the situation and undertake the necessary actions in the University to cope with the emergency, in continuous contact with other Universities, Regions and the Ministry.

I would like to give you an update on what has been decided this morning.

In compliance with the Order of the Minister of Health in agreement with the President of the Lombardy Region published on 23 February 2020, we will suspend until March 1st, in addition to all curricular teaching activities, also the following activities:

- the on-line tests programmed (which will be redefined)
- the open day scheduled in the Cremona Campus
- all high-turnout public events
- the exhibitions.

All University and Department offices will continue to be regularly open.

The monitoring unit is assessing how the BS degree examinations (Lauree), scheduled for next week will be organized, and we will provide the necessary information as soon as possible. In addition, a feasibility analysis is being carried out to define how to offer this semester curricular activities by e-learning, in the event that such emergency lasts longer than expected.

Finally, let me remind you that the Ministry of Health Order requires that all individuals who have entered Lombardy from the areas at epidemiological risk, as identified by the World Health Organization, must inform the Prevention Department of the Health Department responsible for the territory (https://www.atsmilano.it/portale/Ats/Organisation/Departments/DIPS https://www.ats-milano.it/portale/Ats/Organizzazione/Dipartimenti/DIPS/Uffici-e-Servizi).

For any questions related to organizational issues on University activities please write to the following address: monitoraggio@polimi.it

Thank you for your attention

Best regards

Ferruccio Resta
Rector of Politecnico di Milano
