Dear Students, Dear Colleagues,

I am very happy to inform you that the President of the Italian Republic, Sergio Mattarella, sent a thank you to the student association Polifonia for the video "We are the World", considering the initiative "a noble and supportive gesture, important in this difficult period".

The monitoring unit continues the planning of the next deadlines: the Admission Tests trials are going on, the Schools are organizing the Graduation Committees for nearly 2500 graduating students, the Study Programme Boards and the offices work on the schedule of events of the Open days.

Furthermore, of course, we are working hard to support students and Professors on their individual problems.

Let me thank again the Chinese Alumni Association of Politecnico di Milano, the Tsinghua University Education Foundation (TUEF), the Southeast University (SEU), the Shenzhen University, the Alliance of Belt and Road Business Schools for the important donations and demonstrations of closeness.

The donated supplies will be very valuable during the reopening phase, now called Phase 2. We will talk about it in the coming days.

For reports regarding the management and organization of activities please write to the following address: monitoraggio@polimi.it

Best regards

Ferruccio Resta
Rector of Politecnico di Milano
