Dear Students, Dear Colleagues,

among the many initiatives and events organized in this period at a distance, I would like to remind you of the integration, socialization and support activities related to the Buddy project. Many of our international students, besides not being able to see our city, our campuses, did not even had the chance to know new people or to meet their Buddy. For this reason we turned the program into E-BUDDY - Events on the screen to break the quarantine, a series of online events dedicated to all our students. Never as in this period an extra meeting, even if virtual, or a friend to rely on, can make the difference.

The Buddy project, born the first semester of the academic year 2015/2016, pairs new international students with students already enrolled to support them in the phase prior to their arrival in Italy and in the first three months of stay in Milan and at Politecnico. For more information, the schedule of meetings its published on the events website [at this page](#).

I would like to remind students and graduates that the services offered by the Career Service for the orientation to the job market and the schedule of meetings with companies continue online.
In particular, the cycle of conferences [Il mercato del lavoro in tempi complessi](#) is still running.

For reports regarding the management and organization of activities please write to the following address: [monitoraggio@polimi.it](mailto:monitoraggio@polimi.it)

Best regards
Ferruccio Resta
Rector of Politecnico di Milano
