Dear Students, Dear Colleagues,

today we would like to tell you about the student associations, those groups that animate our community by promoting events and activities.

In the past days the associations have shot some videos to talk about themselves and the activities they organize. We suggest their vision.

The contribution that our student associations are making to our community during this period is very important: they are offering cultural and recreational initiatives, they are contributing to cultural integration, they keep close to us with music, cooking, movies, online games and much more.

Tomorrow, at 7 pm, during the Opendays, they will be interviewed by their colleagues of Poliradio on the Youtube channel at 7pm.

We would also like to remind you of the first concert of Politecnico di Milano on May 1st organized by students, professors, alumni and international musical guests. They will meet virtually at 17:30. We invite you to participate and let the music bring our hearts closer at this difficult time.

Finally, we invite you to visit all the social and institutional pages of all the student associations of Politecnico di Milano that we would like to thank for what they do:

For reports regarding the management and organization of activities please write to the following address: monitoraggio@polimi.it

Best regards

Ferruccio Resta, Rector
Alessio Rocca, President of the Student Council
