POLITECNICO
MILANO 1863

Dear Students, Dear Colleagues,

as anticipated, the calendar of the Entrance Test sessions for Engineering and Design delivered in distance mode has been defined.

For the TOL (Engineering Test), the dates of May 14, 16 and 18 will be reserved for those registered to the tests suspended due to the emergency; the following sessions are available to all, considering that in this phase priority is given to the students enrolled in the fifth year of high school. Registrations open on May 15 for the so-called "Second Window" (tests from May 20 to June 15) and from June 12 for the so-called "Third Window" (tests from June 17 to July 13).

Afterwards, the university will organize the TOL sessions dedicated to students that are now attending the fourth year of high school.

As for the TOLD (Test of Design) the calendar of tests that will take place from May 30 to July 6 has been defined, while the dates already scheduled for August are confirmed.

I would like to remind you that the admission interviews for the Bachelor of Science programme "Urban planning: cities, environment & landscapes" will be delivered on-line; students registered will be contacted soon and they will receive all necessary instructions.

All details are available on the website POLIORIENTAMI.

For reports regarding the management and organization of activities please write to the following address: monitoraggio@polimi.it

Best regards

Ferruccio Resta
Rector of Politecnico di Milano
