ATTACHMENT No. 1 to the 1st MINUTES (EVALUATION CRITERIA)

The Board assesses candidates admitted for selection on the basis of:

- curriculum vitae;
- scientific publications;
- teaching experience.

The Judging Panel, referring to the subject of the call and the interdisciplinary themes pertinent to it, will make use of the following criteria:

- a) quality of scientific production, assessed on the basis of criteria and parameters recognised by the international scientific community of reference;
- b) teaching experience in Italian or foreign Universities or institutions;
- c) scientific responsibility in funded research projects;
- d) professional service towards the greater community (e.g. official positions in international scientific/professional associations), the University of affiliation (e.g. organisational responsibilities), or the local community (e.g. official positions in national scientific/professional associations, advisory or consulting services), if coherent with the required profile.

The grading of applicants is based on a numerical scale. The Board assigns a maximum of 35 (thirty-five) points to each one of the items a) and b), and a maximum of 15 (fifteen) points to each one of the items c) and d). Candidates will be included in the rank only if they achieve a minimum score of 20 (twenty) points in each one of the items a) and b), and a total score of 60 (sixty) points.

Method of evaluation of the foreign language knowledge level: proficiency in English language will be assessed based on the quality of the scientific products published in English in scientific journals or conference proceedings with an international Scientific Committee, and on the documented teaching experience at MSc level.
