

EBS – English Business Service.
Corsi per la preparazione a TOEFL®, IELTS®, GMAT®, GRE® e SAT®.
Consulenze per ammissioni a Master e MBA in Europa e USA.

English Business Services (EBS), one of the first companies in Italy offering consultancy services to native Italian speakers to help them to succeed in their MBA and graduate school applications, was established in Milano in 2004 by three former corporate managers of American and British nationality, long-time residents of Italy. EBS prepares candidates for standard aptitude tests such as GMAT®, GRE® and SAT®, and language competency tests such as TOEFL® and IELTS®. We also help candidates to choose the right business schools and to put together strong applications. Our mission is to help the Italian speakers to gain admittance to the most selective business schools in Italy and abroad, by mastering the skills necessary to excel in the GMAT® and language competency test and submitting a strong application. We realize that our Italian customers have a different academic and cultural background, so we accomplish our goal using a bicultural and bilingual didactic approach.

EBS has been helping Italian native speakers to reach the highest GMAT®, GRE®, TOEFL® and IELTS® scores since 2004. Our unique didactic approach stems from the realization that Italian customers have a unique cultural and academic background, but the GMAT® is an American aptitude test. In most cases, the GMAT challenges the Italian student to a different reasoning approach, so self-preparation is hardly advisable. As a consequence, we have developed bilingual GMAT® and GRE® programs which hold these cultural and academic differences in high regard.

IELTS® and TOEFL® COURSES

Individual course

GRE® COURSE

Individual Course

- 20 individual hours: standard price € 1490 promotional price € 1250

Before enrolling in one of our courses, candidates take an assessment test to verify their language competency and their quantitative skills. Afterwards, a professional coach will advise on the best learning path to exploit and maximize student's strengths. Candidates can choose among a wide range of courses: group classes, highly customized individual classes, or quantitative and verbal-only individual packages. **Ample study and practice material is supplied with each course, including a platform with CAT simulations, video lectures and notes, plus thousand of practice exercises (GMAT courses).** The coaching activity does not cease at the end of the course. **Our coaches are available for up to one month after the end of the course to explain solutions to the exercises and to answer any question students may have regarding their preparation, and the chances to obtain the desired score. And if candidates do not reach their desired score, they can repeat the group course for free.**

The number of hours of course packages can be customized according to student's personal needs; please call us and we will plan together the ideal course for you, applying the special Politecnico discount!
