Data/Date 23/05/2019

Rep. n. /Index no. 3882/2019

UOR-RPA SGPD – Servizio Gestione Personale Docente

RPA Enrico Eftimiadi

Firmatario/Signatory Prof. Franco Ciccacci

Oggetto Bando di selezione per il conferimento di assegni di ricerca
Subject Selection call to grant temporary research fellowships for
research activities

Dipartimento di Fisica
Department of Physics

Titolo del Programma di Ricerca

MUSIQ - Microscopia multifotonica e spettroscopia ultraveloce: l'imaging
incontra il Quantum 812992-MUSIQ-ETN
Sottoprogramma: Studio delle coerenze quantistiche nei complessi artificiali
di raccolta della luce

Research Title

Multiphoton Microscopy and Ultrafast Spectroscopy: Imaging meets Quantum
812992-MUSIQ-ETN
Sub-programme: Study of quantum coherences in artificial light-harvesting
complexes

Codice Procedura / Procedure Code 2019_ASSEGNI_DFIS_24

Scadenza / Deadline 10/07/2019

**SELECTION CALL TO GRANT TEMPORARY RESEARCH FELLOWSHIPS
FOR RESEARCH ACTIVITIES UOR DFIS**

HAVING REGARD to the Law of 9.5.1989, n. 168, and in particular Article 6, according to which the Universities are allowed to issue autonomous regulations;

HAVING REGARD to Law 24.12.1993, n. 537, "Corrective actions of public finance";

HAVING REGARD to the Decree of the President of the Republic of 28.12.2000, n. 445 - Consolidated laws and regulations on administrative documentation and subsequent amendments and additions;

HAVING REGARD to Legislative Decree n. 196 of 2003, "Code concerning the protection of personal data" and later amendments;

HAVING REGARD to the Regulation (EU) 2016/679 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data;

HAVING REGARD the Legislative Decree n. 198 of 11 April 2006 "Code on equal opportunities between man and woman, by virtue of Article 6 of Law No. 246 of 28 November 2005", and later amendments;

HAVING REGARD to the Law of 30.12.2010, n. 240, and in particular Article 22;

HAVING REGARD to Directorial Decree 29.7.2011, n. 336 "Determination of the call sectors grouped into call macro-sectors pursuant to Article 15 of Law 240/2010" and later amendments;

HAVING REGARD to Rector's Decree n. 41/AG of 17 May 2005, by which is issued the Regulation on the contribution for participation both in reserved internal examinations and in public entrance examinations organised by Politecnico di Milano;

HAVING REGARD to the Statute of Politecnico di Milano adopted by Rectoral Decree n. 623/AG on 23/2/2012, published on the O.J. of 2/3/2012, n. 52;

HAVING REGARD to Rectoral decree n. 667/AG of 28.02.2011 by which has been issued the Regulations for granting of temporary research fellowships for research activities on internally funded programmes, as amended by Rectoral Decrees n. 2471 of 02.10.2012, 3455 of 13.10.2014, 4674 of 19.12.2014, 2013 of 30.04.2015, 3398 of 29.07.2016, 8268/SAGNI of 20.12.2017 and further modified with Rectoral Decree n. 6605/AFNI of 27.09.2018;

HAVING REGARD to the resolution of the Department of Department of Physics by which it is approved the call proposal for a public selection for the assignment of n° 1 temporary research fellowship to carry out the research activity, on a fixed-term basis, within the programme called " Multiphoton Microscopy and Ultrafast Spectroscopy: Imaging meets Quantum" (This project has received funding from the European Union's Horizon 2020 research and innovation programme under the Marie Skłodowska-Curie Grant Agreement n. 812992-MUSIQ);

HAVING REGARD the Grant Agreement number: 812992- MUSIQ — H2020-MSCA-ITN-2018;

HAVING REGARD the Consortium Agreement: Marie Skłodowska-Curie Actions (MSCA)

Innovative Training Networks (ITN) Call : H2020-MSCA-ITN-2018 – “ 812992 – MUSIQ Project Consortium Agreement, approved version, 2019-03-25”;

PROVIDED the financial availability,

HEREBY DECREES:

Article 1 - Scope of the contract

A public selection is hereby organized to grant n° 1 temporary research fellowship to grant research activity, on a fixed-term basis:

Department: DEPARTMENT OF PHYSICS

Location: DEPARTMENT OF PHYSICS

Area: 02 - Physics

Academic Discipline: FIS/03 - PHYSICS OF MATTER

Duration of the contract (months): 36

Expected start date of activity: 01/11/2019

Article 2 - Research Programme

Research Title (and research sub-programme):

**Multiphoton Microscopy and Ultrafast Spectroscopy: Imaging meets Quantum.
Study of quantum coherences in artificial light-harvesting complexes.**

Research programme description:

MUSIQ is an MSCA-ITN project of interdisciplinary training and research in the fields of physics, chemistry and life sciences, aiming at creating the next generation of scientists, pioneers of tomorrow's quantum microscopes, with the main goal of developing the next generation of microscopes exploiting quantum coherent nonlinear phenomena. The project brings together a unique team of world-class academic researchers and high tech companies in optical microscopy and ultrafast optics, and aims at the fundamental understanding of coherent light-matter interaction phenomena and at the development of quantitative image analysis instruments for real-world biomedical and pharmaceutical applications.

Starting and implementation of the research programme:

The researcher will carry out experimental work using an apparatus for two-dimensional electronic spectroscopy (2DES) available at the Politecnico di Milano. The 2DES measurements will aim at identifying the presence and role of electronic/vibronic quantum coherences in mixtures of molecules used for organic photovoltaics (OPV), with the goal of understanding the mechanisms of exciton dissociation and free carrier generation at the interfaces.

Activities that the Temporary Research Fellow will carry out, obligations of the Temporary Research Fellow and conditions :

The researcher will carry out experiments first on aligned films of prototypical polymers

(polythiophenes and low-bandgap polymers) with the aim of identifying the changes in 2DES spectra as a function of the inter-chain interactions controlled by the supramolecular order of the film. Then he/she will study the blends of polymers with fullerenes, again focusing on the comparison of 2DES spectra for different supramolecular organizations. These studies will allow to investigate the role played by electronic and vibronic coherences in the OPV prototypical materials and to establish a correlation between the microscopic order and the efficiency of the ultrafast charge separation process.

Countries and structures in which the research activity can be carried

out:

Europe.

Article 3 - Participation requirements

- A. In order to participate to the selection procedure, candidates must possess a **"Laurea Magistrale" (equivalent to Master of Science) of the classes (LM-17) Physics or (LM-29) Electronic Engineering or (LM-44) Mathematical modelling for engineering or (LM-54) Chemistry or related degrees that are considered equated and equivalent ex lege or other possible qualifications that are considered equivalent ex lege to the corresponding degrees under the old educational system or equivalent degree that allows the access to a Ph.D. programme in Italy.**

If the academic qualification/s mentioned above is/are/was/were obtained abroad, it/they must be the official qualification/s of the foreign university system, issued by an institution officially recognized in the foreign system of reference. With reference to the Master of Science mentioned in the previous paragraph, if obtained abroad, this must be equivalent, for the sole purpose of selection, by type, level and correspondence of study subject, to the related Italian qualification indicated above and it can allow the access to a Ph.D. programme in Italy.

Equivalence, as regards the correspondence of study subjects, will be notified by the Head of the Department where the research activity will be carried out.

Candidates must have obtained the required academic qualifications by the deadline indicated in Article 4, in order for the application to be valid.

- B. *According to the Guide for Applicants - Marie Skłodowska-Curie Actions - Innovative Training Networks (ITN) Call Identifier: H2020-MSCA-ITN-2018:*
- C. Shall, at the time of recruitment/starting date of the activities by the host organisation, be in the first four years (full-time equivalent research experience) of their research careers and not yet have been awarded a doctoral degree. Full-Time Equivalent Research Experience is measured from the date when a researcher obtained the **MSc or equivalent degree that allows the access to a Ph.D. programme in Italy.**
- At the time of recruitment by the host organisation, researchers must not have resided or carried out their main activity (work, studies, etc.) in Italy for more than 12 months in the 3 years immediately prior to the recruitment date/starting date of the activities. Compulsory national service, short stays such as holidays, and time spent as

part of a procedure for obtaining refugee status under the Geneva Convention are not taken into account.

- Applicants must work exclusively for the project during the employment contract.
- Applicants must fulfil the conditions to be admitted in the PhD programme of Politecnico di Milano indicated in the job vacancy. These conditions must be fulfilled at the starting date of the contract. The starting date for each position is tentative.

Any nationality and gender is allowed to participate in the selection and transnational mobility availability is required for up to 30% of the duration of the contract even with non-academic partners.

¹ The Interministerial Decree 9.7.2009 relating to the **equivalence** between old university system degrees, laurea specialistica and laurea magistrale study programmes, is made available at the following link: <http://attiministeriali.miur.it/UserFiles/3160.pdf>
The Interministerial Decrees that establish the **equipollence** of Italian academic qualifications applied to participation in public calls for application are available at the following link: <http://hubmiur.pubblica.istruzione.it/web/universita/equipollenze-titoli>

Article 4 - Application and participation deadline

For the purposes of selection, the candidate must fill out and send, within the compulsory deadline of 10/07/2019 or s/he will be excluded from the call, the admission application by accessing the Online Services of Politecnico di Milano - section Open competitions and selections - Open competition/selection for allocation of job/post - Calls for temporary research fellowships, and attach what required by the Call.

If the aforementioned deadline falls on a holiday, it will shift to the immediately next weekday other than a holiday.

Article 5 - Participation contribution

The candidate is required to pay, or s/he will be excluded from the selection, within the deadline, without the reimbursement right if, for any reason, s/he cannot participate, a contribution of 25.82 Euro as follows:

- PagoPA (following the instructions of the online application procedure)
- Bank transfer on bank account payable to Politecnico di Milano - P.zza Leonardo da Vinci, 32 - 20133 Milan, with the following bank details:
IBAN: IT34T0569601620000001600X69 SWIFT: POSOIT22
reason: "Procedure Code 2019_ASSEGNI_DFIS_24"

Is required to upload the payment receipt/authorization.

Article 6 - Exclusion and withdrawal

The candidate is provisionally admitted to the selection. The Head of the Procedure can decide, at any time, to **exclude from the selection** by fax, registered letter, telegram or PEC, for the following reasons:

- **the electronic submission of the admission application after the compulsory deadline mentioned in Article 4 of the call;**
- **lack of a professional scientific curriculum vitae written in Italian or English;**
- **lack of the copy of a valid identity document;**
- **failure to pay the participatory contribution within the deadline provided;**
- **lack of compliance with requirements of Article 3 of the call;**
- **incompatibility situations of Article 14 of the call;**
- **any other breach of the requirements of the call.**

If the reasons for the exclusion have been ascertained after the selection process, the Head of the Procedure **can withdraw the rights for participation in the selection**; the withdrawal of candidates will be applied to candidates that stated false declarations in the admission application for the selection or false declarations given, according to the Presidential Decree 445/2000.

Article 7 - Selection Board

The selection is made by a special selection board, appointed by Director-General's Decree, whose members are designated by the Head of the Structure concerned pursuant to Article 4, paragraph 6, of the Regulations issued with Rector's Decree n. 667/AG of 28 February 2011, as amended by the subsequent Rector's Decree n. 6605/AFNI of 27 September 2018.

The selection board is made up, usually, by the Head of Research, and by two additional members, of which at least one not employed at Politecnico di Milano, chosen among professors and researchers with research experience on the topics of this call. The commission may eventually use Italian and foreign experts.

Article 8 - Selection procedure

The selection board proceeds to the selection, for which it has a total of **60 points**, by the evaluation of qualifications and curriculum vitae and further attached submitted by the candidate, taken through the procedures defined by the board, aimed at assessing the candidate's aptitude for research, according to the following criteria:

- **Relevance of qualifications with the research programme object of selection points 25**
- **Consistency of the candidate's overall profile with respect to the content of the research programme object of selection points 25**
- **Relevance of publications, thesis and scientific products presented with the research programme object of selection points 10**

Texts accepted for publication can be considered for the assessment. The abstracts of

the university graduation thesis/scientific publications/texts accepted for publication/scientific products can also be assessed. In case it will be submitted more than 3 publications/texts accepted for publication (or related abstracts), only the first three documents will be evaluated. Furthermore, the university graduation thesis/scientific publications/texts accepted for publication/scientific products (or related abstracts), in order to be evaluated, must be submitted and/or written/translated in one of the following languages: Italian, English, French, German and Spanish. The translated texts must be submitted together with the text in the original language.

The candidates that will obtain a minimum score of 40/60 points will be admitted to the interview aimed at assessing the candidate's aptitude for research .

The results of the evaluation of qualifications and curriculum vitae submitted by the candidate will be published on the Official Noticeboard of Politecnico di Milano and on the Politecnico Web site within 30/07/2019. Publishing is also a convocation notification for eligible candidates.

The selection board will proceed to the selection by an interview held **in English language**. During the interview the Committee will evaluate the knowledge of English language, the motivation towards the research program of selection and the background and previous technical-scientific experiences in the research field. The selection board has a total of **40 points** for the interview. The interview is considered as successfully passed with a minimum score of **25/40 points**.

The evaluation of each candidate, for the merit ranking, will be the sum of the scores obtained in the evaluation of the qualifications and in the interview.

In the event of an equal score preference shall be accorded to the younger candidate.

Article 9 - Selection interview

The interview, will be held, unless there is an impediment by one or more members of the selection board to be present or connected electronically and it is not possible to replace him/her/them², **on 06 September 2019 at 17:00 at the "Dipartimento di Fisica, Politecnico di Milano, campus Leonardo – building 8 – ground floor"**. To be admitted to the interview, candidates must have a valid identity document.

The non-presentation at the place of the interview, on the date and time established, or late presentation, even if due to force majeure, will be considered as renunciation to participate in the selection.

Candidates with residence or domicile more than 600 km away from the selection location or for particular and justified reasons, can ask to the Selection board to sit the interview, on the aforementioned date, in remote mode through the use of audio-video information technologies, provided that it is possible to properly recognize the candidates' identity. The lack of remote connection at the time defined or a delay in connection, even if due to force majeure, will be considered as renunciation to participate in

the selection.

² In this case, it will be responsibility of the P.A. notify candidates of any change of the interview date.

Article 10 - Approval of the Procedure and Ranking list

The decree approving the procedure and the ranking list of the winner candidates and other suitable candidates for selection will be published on the Official Noticeboard of Politecnico di Milano and on the Politecnico Web site.

The publication on the Web site counts as official notification to candidates pursuant to the law. From the date of publication of the aforementioned decree, it will start the terms for submitting appeals.

Article 11 - Conditions for execution of the contract and the commencement of activities

The candidate declared winner of the selection who has obtained abroad the qualifications required in Article 3 above, if these qualifications have not already been declared equivalent in accordance with the legislation in force, must send to the Teaching Staff Management Service, before signing the contract or they will forfeit the right to sign it:

- the original or authenticated copy of the foreign academic qualification, legalised³ and accompanied by a certified or sworn translation (in Italian, English, French or Spanish if written in a language different from those mentioned above);
- the diploma supplement, or the certificate of equivalence of qualification, or the transcripts of examinations taken relating to the degree required for participation⁴.

For non-EU candidates who are not yet in possession of an Italian Residence Permit, this submission must be compulsorily carried out before the starting of activity.

Non-EU candidate declared winner of the selection procedure and who obtained the qualification listed in Article 3 above in Italy and who, on the date of the application's submission do not yet has a residence permit in Italy, must provide the originals or copies authenticated by Italian Authorities of the academic qualifications obtained in Italy which are required for admission to this selection procedure (Art. 3 of the Call) to the Teaching Staff Management Service before the starting of the activity.

Non-EU candidate who, at the date of the application's submission, has a residence permit in Italy or has the receipt for the residence permit request in Italy, **if declared winner of the selection procedure**, must show the original copy of the residence permit (or the receipt for the residence permit request) to the Visiting Professor Welcome Office, by and no later than the date set for the contract's execution. Failure to provide the document will result in the automatic forfeiture of the right to enter into the contract.

Non-EU candidate who, at the date of the application's submission, do not yet has a residence permit in Italy , if declared winner of the selection procedure, must compulsorily obtain authorisation from the Prefecture, which is necessary to apply for an entry visa. Activities can only commence after the above- mentioned visa has been presented to the Visiting Professor Welcome Office. Failure to provide the document will make it impossible to commence the activity.

The Administration reserves the right to carry out controls on the declarations produced regarding qualifications (obtained in Italy or abroad) and on publications/thesis/scientific products submitted.

Article 12 - Contract

The temporary research fellowship to carry out the research activity is governed by a specific individual contract.

The contract regulates the collaboration on the basis of the following criteria: flexibility according to the needs of the activity, continuous activity, temporally defined, commitment not merely occasional, coordination with the overall activity of the University, close relation to the realization of a research programme, autonomous development of collaboration within the programme, absence of predefined working hours.

In particular, the research fellow will be subject to the following conditions:

- Carry out the research activity full-time, with no pre-established working hours, unless the Research Executive Agency (REA) provides authorization for personal or family reasons;
- Perform his/her research activity exclusively for the research program of this call;
- For activities carried out in the frame of the action, he/she cannot receive other incomes than those indicated in this call;
- He/she will engage in signing arrangements related to the intellectual property rights;
- He/she has the obligation to maintain confidentiality according to the regulation of the European Project.

By signing the contract, the temporary research fellows will carry out the online course on security provided by the University available on the online service portal of Politecnico under the field "data - security training courses" and submit, within 30 days from the beginning of the activity, copy of the related certificate to the Department where the research activity will take place.

At the end of the contract, the temporary research fellow is required to submit a written report on the research activity carried out and on the results achieved within the project. In case that the report will not be submitted, it will not be possible to renew the temporary research fellowship or sign a contract for a new temporary research fellowship.

Please note that in the countries which signed The Hague Convention of 5 October 1961 regarding the abolition of the legalisation of public documents obtained abroad, the need to legalise documents issued by foreign authorities is replaced by another formality: affixing an "apostille" by the competent authority internally designated by each State.

Moreover, it is not mandatory to legalise qualifications or to affix The Hague Apostille if the qualification has been issued by one of the countries that ratified the

3 Brussels Convention of 25 May 1987 or if the qualification has been issued by a German institution (Italian-German Convention on the exemption of public deeds from legalisation).
For information concerning the legalisation of foreign qualifications, please visit the website of the Ministry of Foreign Affairs and International Cooperation http://www.esteri.it/MAE/IT/Italiani_nel_Mondo/ServiziConsolari/TraduzioneLegalizzazioneDocumenti.htm?LANG=IT;
or the CIMEA Web site <http://www.cimea.it/>
or the Hague Convention website <https://www.hcch.net/en/instruments/conventions/specialised-sections/apostille>

4 The diploma supplement, the certificate of equivalence of qualification and the examination transcripts are not required for those who hold a Research Doctorate.

Employment under this call falls within the untenured ongoing continuous collaboration category.

To the temporary research fellowship, for what concerns tax matters, it must be applied the provisions of article 4 of the law n. 476 of 13 August 1984, as well as, for social security, those referred in Article 2, paragraphs 26 et seq., of the Law n. 335 of 8 August 1995, and subsequent amendments, for compulsory abstention from work for maternity, the provisions of the Decree of the Ministry of Labour and Social Policies of 12 July 2007, published in the Official Journal n. 247 of 23 October 2007, and, with regard to sick leave, the provisions of the Article 1, paragraph 788, of the Law n. 296 of 27 December 2006, and subsequent amendments, as far as they can be compatible. During the period of compulsory maternity leave, the maternity subsidy paid by INPS in accordance with article 5 of the above-mentioned decree of 12 July 2007 is supplemented by Politecnico di Milano up to the total amount of the temporary research fellowship.

Citizens of EU countries, who are not able to produce the S1 model related to health assistance in their country of origin, can ask to ASL offices for instructions regarding the registration fee to the Italian National Health Service.

The Politecnico di Milano will provide the contracting part insurance coverage for civil liability funded with specific budget items.

The Politecnico di Milano will withhold from the grant salary Euro 3,97 for each solar year, for the additional insurance premium "Students, Research Fellows and Similar Roles Accidents", to cover expenses for any injuries sustained during the performance of all activities related to the research grant.

Article 13 - Amount of the Temporary Research Fellowship

The amount of the temporary research fellowship, referred to the contract duration (see article 1 of this call), paid as deferred monthly instalments, is **Euro 117.647,82** including **Euro 100.062,00** for "living allowance" and **Euro 17.585,82** for "mobility allowance", with only deductible expenses included and charged to the temporary research fellow.

Moreover, should the candidate have family, a "family allowance" of **Euro 7.325,85** might be paid to applicants who have a family at the time of the recruitment.

With reference to the above subject, "family" is defined as persons linked to the applicant by marriage, or a relationship with equivalent status to a marriage recognised by the Italian legislation or of the nationality of the candidate; or dependent children who are actually being maintained by the applicant.

The family status of the applicant will be determined at the time of the recruitment in the project and will not evolve during the project lifetime. In case this contribution is provided, it will be subject to deductions.

Article 14 – Incompatibility

The temporary research fellowship cannot be allocated to employees, either in public or private scheme, including part-time and fixed-term contracts.

The temporary research fellowship cannot be assigned to those enrolled in laurea study programmes, laurea Specialistica or Laurea Magistrale (equivalent to Master of Science) programme, Ph.D. programme with scholarships or medical specialization, in Italy or abroad, and it implies to place in unpaid leave the employee in service with public administrations other than those referred to in the fifth paragraph of this article.

The participation to the selection is not allowed to subjects with conjugal, family or kinship bonds within the 4th degree of relationship or a civil union relationship with someone of the same sex (as regulated by Article 1 of the Law 20.05.2016, n. 76), or those in any forms of cohabitation (as regulated by Article 1 - paragraphs 37 et seq of the Law n. 76 of 05.20.2016), with:

- a full and associate professor of the Department that issued this call;
- the Rector;
- the Director General;
- a Member of the Board of Governors.

Those who have already signed contracts for temporary research fellowships pursuant to Article 22 of Law 240/2010 may not participate in this selection, for a number of 6 years, with the exclusion of the period in which the temporary research fellowship was obtained for Ph.D. programme without scholarship, within the maximum limit of the legal duration of the programme. Similarly, those who are not able to carry out the research activity for the entire period provided in Article 1 of the call cannot participate in the selection process, due to the exceeding of the time limits established by Article 22, third paragraph of Law 240/2010 as supplemented by Article 6, paragraph 2bis of the Decree-Law 192/2014, as well as by Article 22 ninth paragraph, Law 240/2010⁵.

The holders of temporary research fellowships cannot be full employees of Universities, institutions and public research and experimentation bodies, of the National Agency for New Technologies, Energy and Sustainable Economic Development (ENEA), of the Italian Space Agency (ASI) and of institutions whose scientific diploma has been recognized as equivalent to a Ph.D. programme according to Article 74, fourth paragraph, of the Presidential Decree n. 382 of 11 July 1980.

The holder of temporary research fellowship can carry out professional activities and sign contracts that fall within the self-employment contracts, provided that carrying out this activity will not provide a lack of performance in the research activity subject of the contract and upon written authorization by the Head of the Structure, after consultation with the Head of the research or programme.

Article 22, third paragraph, law 240/2010 states that *"the total duration of the relations established under this article, including any renewals, may not [...] exceed four years, with the exclusion of the period in which the temporary research fellowship was obtained for Ph.D. programme, within the maximum limit of the legal*

⁵ *duration of the programme"*.

Article 6, paragraph 2 of the Legislative Decree 192/2014 states that *"The total duration of the relations established under Article 22, paragraph 3, of the*

law of 30 December 2010, n. 240, is extended for two years".

Article 22, ninth paragraph, Law 240/2010 states that "The total duration of the relationships established with the holders of the temporary research fellowships as referred in this article and of the contracts as referred in Article 24, which also existed with different universities, state, non-state or telematic universities, as well as with entities as mentioned in paragraph 1 of this article, with the same subject, cannot, in any case, exceed twelve years, even if it is a non-continuous period. For calculation of duration of the aforementioned relations, the periods spent on maternity or sick leave, according to current legislation, are not relevant."

These activities are considered as not compatible with the temporary research fellowship in the event of lack of the aforementioned authorization.

The holder of the temporary research fellowship cannot carry out activities that could lead to a situation of conflict of interest with the activities of Politecnico di Milano.

The temporary research fellowship cannot be combined with other fellowships and scholarships except with those granted by national or foreign institutions, useful as integration for research activities abroad for the same holders of the temporary research fellowships.

The temporary research fellow can attend Ph.D. courses, also as extra courses and without the right to scholarship, always subject to pass the admission tests.

Article 15 - Personal Data Treatment

Pursuant to art. 13 of Legislative Decree 30 June 2003 n. 196 and art. 13 of Regulation (EU) 2016/679 (GDPR), personal data provided by candidates, are processed exclusively for the purposes of managing this call and collected at the Human Resources and Organization Area of Politecnico di Milano - Piazza Leonardo Da Vinci , 32 - Milan. The data controller is Politecnico di Milano, Directorate General - Piazza Leonardo Da Vinci, 32 - Milan. The person responsible for processing personal data is the Director of the Human Resources and Organization Area.

The personal data of candidates may only be notified to the public administrations directly interested in the legal-economic position of the winning candidate.

The provision of such data is compulsory for purposes of assessing the participation requirements, failing which the candidate shall be excluded from the selection procedure.

The candidate may exercise his/her rights, according to Article 7 of the mentioned Law, including the right of access to his/her data, as well as some complementary rights including the right to rectify, update, complete or delete erroneous, incomplete data or data collected not in compliance with the Law.

The provision of such data is compulsory for purposes of assessing the participation requirements, failing which the candidate shall be excluded from the selection procedure.

The candidate may exercise his/her rights, according to Article 7 of the mentioned Law, including the right of access to his/her data, as well as some complementary rights including the right to rectify, update, complete or delete erroneous, incomplete data or data collected not in compliance with the Law.

Article 16 - Head of the procedure

According to what provided by Article 5 of the Law n. 241 of 7 August 1990 and subsequent amendments, the Head of the procedure for this Call is Enrico Eftimiadi, Human resources and organization - Teaching Staff Management Service, phone +39 02 23992272 +39 02 23992240 +39 02 23992150- +39 02 23992156 E-Mail: assegniricerca@polimi.it.

Article 17 - Final Provisions

For anything not provided in this call, please consult the provisions of the "Regulations for granting of temporary research fellowships for research activities on internally funded programmes" issued by Rectoral Decree n. 667/AG of 28 February 2011, as amended by the subsequent Rector's Decree n.6605/AFNI of 27 September 2018, available at the following link: http://www.normativa.polimi.it/?id_sottoc=31, as well as applicable laws.

Article 18 - Advertising

This call for applications is advertised on the Politecnico's Official Noticeboard, on the website of Politecnico, of the MIUR and on that of the European Union.

The Head of Department
Prof. Ciccacci Franco
Signed Ciccacci Franco

Digitally signed pursuant to Italian Law - Legislative Decree 7.3.2005, No. 82, as amended (subsequent modifications and integrations).
