

Adriana Angelotti – Curriculum Vitae

Education:

- Degree in Physics in 2000 at Università degli Studi di Milano;
- Doctoral Degree in Energy Sciences in 2004 at Politecnico di Milano

Scientific and teaching profile:

Since April 2005 Assistant Professor in Building Physics at Politecnico of Milano, initially at the Building and Environment Science and Technology (BEST) Department and since 2012 at the Energy Department.

Her research activity is focused on the building energy efficiency topic, both from the climatisation systems (ground-source heating and cooling systems) and the passive and building envelope technologies (thermal inertia, ventilated facades, breathing walls, night ventilation, textile architecture) point of view. She is involved in several national and international research projects and in research contracts. She serves as referee for many international journals of the sector.

She is a member of the Management Committee of the TexHUB Inter-dipartimental Laboratory of Politecnico. She has been a member of the Italian Technical Board (CTI) for ground source heat pumps standardization.

She is in charge of the course of Building Physics at the Architecture and Construction Engineering School. and a member of the faculty of the Master Ridef Energia.

National and international research projects:

- **PRIN 2015** "Riqualificazione del parco edilizio esistente in ottica nZEB (nearly Zero Energy Buildings): costruzione di un network nazionale per la ricerca" (2017-19), participant
- **S.IN.E.RG.I.E ATTI.V.E.** - Sistema INtegrato sostenibile Energeticamente aTTivo per il rinnovo degli edifici industriali attraverso coperture composite - BANDO DI INVITO A PRESENTARE PROGETTI DI RICERCA INDUSTRIALE E SVILUPPO SPERIMENTALE NEI SETTORI STRATEGICI DI REGIONE LOMBARDIA E DEL MIUR DI CUI AL DECRETO N. 7128 DEL 29 LUGLIO 2011 (2012-14), participant;
- **EcoZoo** (Tecnologie Innovative per il miglioramento dell'impatto ambientale, del benessere e salute animale negli allevamenti intensivi Lombardi di bovini e suini) - BANDO DI INVITO A PRESENTARE PROGETTI DI RICERCA INDUSTRIALE E SVILUPPO SPERIMENTALE NEI SETTORI STRATEGICI DI REGIONE LOMBARDIA E DEL MIUR DI CUI AL DECRETO N. 7128 DEL 29 LUGLIO 2011 (2012-14), participant;
- **EU COST Action C24** "Analysis and Design of Innovative Systems for Low-EXergy in the Built Environment: COSTeXergy" (2007-10), Management Committee Member;
- **International Energy Agency ECBCS Annex 49** "Low-exergy systems for high-performance built environment" (2007-09), participant;

- **PRIN 2007** "RES2 - Responsive by Renewables. Una nuova frontiera per il miglioramento dell'efficienza energetica e della qualità globale dell'ambiente interno tramite componenti edilizi adattativi integrati con fonti rinnovabili", scientific responsible;

- **PRIN 2005** "Studio termofluidodinamico di componenti di facciata adattativi per il comfort ed il risparmio energetico", participant.

Contract researches:

- "Sistemi tessili pressostatici e pneumatici: studio delle prestazioni energetiche di diverse soluzioni tecnico-costruttive" (2012), committed by **Canobbio s.p.a.**, responsible prof. A. Zanelli;

- "Energy performance assessment of exhibition buildings in Europe", committed by **EMECA (European Major Exhibition Centers Association)** (2010-11), responsible prof. C. Talamo;

- "Studio di alternative tecnologiche per il miglioramento delle prestazioni degli involucri edilizi di edifici esistenti del Polo Fieristico di Rho-Pero", committed by **Fiera Milano s.p.a.** (2009-11), responsible prof. C. Talamo;

- "Progetto di ricerca per la valutazione delle trasformazioni necessarie a ridurre il consumo dei combustibili fossili e le emissioni di CO₂ ed incrementare l'utilizzo delle fonti rinnovabili applicate ad un'unità amministrativa territoriale in ambito montano (Albosaggia, SO)", committed by **IREALP (Istituto di Ricerca per l'Ecologia e l'Economia Applicate alle Aree Alpine)** (2009-10), responsible prof. R. Cecchi, scientific responsible prof. G. Scudo;

- "Comportamento termico e ambientale di soluzioni di involucro in laterizio per l'efficienza energetica dell'edificio", committed by **ANDIL (Associazione Nazionale Industriali Laterizio)** (2006-07), responsible prof. A. Campioli.

Publications

Peer-review international journal papers:
