

- ❖ LibKey in [BiblioSearch](#): allows you to access the article (or issue) directly with a single click.

Note: where the resource is subscribed to by the University or freely accessible

- *PDF*: for direct access to the article
- *View issue contents*: access the relevant issue

- ❖ **LibKey Nomad**: It is an extension for the main web browsers that provides a direct link to the full text of electronic resources acquired by the University Library System or available via Open Access. Thanks to LibKey Nomad, you can access the full text of a journal article or e-book with a single click, directly from publishers' platforms and databases (such as it is already integrated with Scopus, Web of Science, ProQuest, Google Scholar and Google Books).
