NOTICE OF SELECTION

A call for a selection of **10 students** that will participate to the ***HONOURS PROGRAMME Scientific Research in Industrial Engineering – Mechanical*** which is activated in the Study Programme of the *Laurea Magistrale* (equivalent to Master of Science) *in Mechanical Engineering*

DESCRIPTION

HONOURS PROGRAMME *Scientific Research in Industrial Engineering – Mechanical*

It is an educational path that is part of the Politecnico di Milano high education training strategy and is targeted to students with a strong predisposition for study and research, with the aim to improve these skills and train engineers who can enter the fields of scientific and technological research with no issues. The training programme is developed in the *Laurea Magistrale* (equivalent to Master of Science) *in Mechanical Engineering* and offers students the opportunity to study in detail the aspects of its education, both from a methodological and a content point of view, under the supervision of a reference professor assigned by the study Programme. For this purpose, additional in-depth training activities are provided in different disciplines and during the Master of Science's Final Work, for a total of **10 additional credits** to be defined in agreement with the reference professor.

ELIGIBILITY

The competition is open to students of Politecnico di Milano **regularly registered to the A.Y. 2026/2027**, in the **second year** of the *Laurea Magistrale* (equivalent to Master of Science) *in Mechanical Engineering* who have completed all the exams required for the first year of the Programme with a cumulative weighted average **not inferior to 28/30.**

APPLICATION FOR PARTICIPATION

The application must be submitted through the dedicated tool available on the Online services (**section Application forms › Selection Procedures**) **starting from November 19th and within the 12.00 (Italy time) of December 3rd.**

To the application form, it is compulsory to include (in pdf format of maximum 10 MB)

1. Curriculum vitae with a self-certification of the weighted average of the exams of the Master of Science Study Course;
2. Motivation letter;

Documents must be named Surname-Name_Kind of annex.pdf (for example Rossi- Mario_CV.pdf).
Once the online application procedure is completed, the application is considered to be submitted. Failure to finalize the application or its incompleteness will imply the exclusion from the selection procedure.

Applications from candidates who fail to comply with the eligibility criteria listed above (ELIGIBILITY paragraph) will not be admitted to the selection procedure.

SELECTION

The selection is made by a committee consisting of Professors in charge of the Laurea Magistrale (equivalent to *Master of Science*) *in Mechanical Engineering*.

The evaluation will take into account:

- a motivation letter;
- extra-curricular and/or as extra activities and experiences previously carried out.

The list of students admitted to the Programme will be published **by December 15th** at the following webpage: Honours programme scientific research in industrial engineering - polimi.

Each student admitted to the Programme will be asked to confirm, within a week from the publication of the ranking list, his/her participation to the HONOURS PROGRAMME.
In case of renunciation, the administration will proceed down the ranking list, where possible.

INCOMPATIBILITY

Participation in the HONOURS PROGRAMME is incompatible with any experience of studying abroad for both short and double-graduate mobility, and with the participation in the Polimi Ambassador Programme. However, periods abroad dedicated to thesis work are allowable.

REQUIREMENTS

The *HONOURS PROGRAMME Scientific Research in Industrial Engineering – Mechanical* will be awarded to the admitted students who obtain the **extra 10 ECTS** defined in agreement with the Professor responsible for Programme before graduation.
