## **NOTICE OF SELECTION**

A call for a selection competition of 10 students that will participate to the HONOURS PROGRAMME *Scientific Research in Industrial Engineering – Mechanical* which is activated in the Study Programme of the *Master of Science in Mechanical Engineering*

## **DESCRIPTION**

### **Honours Programme *Scientific Research in Industrial Engineering – Mechanical***

It is an educational path that is part of the Politecnico di Milano high education training strategy and is targeted to students with a strong predisposition for study and research, with the aim to improve these skills and train engineers who can enter the fields of scientific and technological research without problems. The training program is developed in the *Master of Science Programme in Mechanical Engineering* and offers the student the opportunity to study in detail the aspects of its education, both from a methodological and content point of view, under the supervision of a reference professor assigned by the study Programme. For this purpose, additional in-depth training activities are provided in different disciplines and during the LM final work, for a total of 10 additional credits to be defined in agreement with the reference professor.

## **ELIGIBILITY**

The competition is open to students of Politecnico di Milano regularly registered to the A.Y. 2024/2025, in the second year of the Laurea Magistrale (equivalent to *Master of Science*) in *Mechanical Engineering* who have completed all the exams required for the first year of the Master of Science Programme with a cumulative weighted average not inferior to 28/30.
