GREEN PASS UPDATES

Dear Student,

Politecnico di Milano has taken the decision that teaching activities will be mainly in presence from this semester. The possibility to attend all teaching activities online will be therefore no longer guaranteed, and for this reason all students are invited to organize themselves in order to come back to Politecnico campuses. International students with difficulties will have the opportunity to attend their classes online.

It is important to know, in this regard, that since last September 1st, the Green Pass/EU Digital COVID certificate is required to access all university facilities. Furthermore, since last August 6th, the Green Pass is also required to access indoor restaurants, gyms, swimming pools, spas and other places at risk of crowding, such as cinemas, theaters, concert halls, stadiums or sports halls. The Green Pass is also required for events, conferences and congresses.

The Green Pass certifies one of the following conditions:
• having completed the prescribed anti-SARS-CoV-2 vaccination course since at least 14 days *
• be cured of COVID-19 (the validity of the healing certificate is 180 days from the date of the first positive swab)
• having made a molecular or antigenic swab in the 48 hours prior to entering the facility with a negative result (in this case, the Green Pass is valid for 48 hours only)

* in Italy, the Green Pass is issued 12 days after the first dose (in the case of vaccines that require administration in two doses), and is valid from the 15th day after the vaccine until the date of the second dose. Afterwards, it is released within 2 days from the second dose, and is valid for 9 months.

Currently, the following vaccines have been authorized in Italy:
• Pfizer-BioNtech Comirnaty vaccine
• Spikevax vaccine (Moderna)
• AstraZeneca Vaxzevria vaccine
• Janssen vaccine (Johnson & Johnson)

If you have been vaccinated, with one of the above-mentioned vaccines, within the EU, you can submit the Digital COVID certificate obtained in your country. Further details about this are available at this link.

If you have been vaccinated, outside the EU, with one of the above-mentioned vaccines, you must refer to the local ASST in order to be registered and obtain your Green Pass: you can check the guide below, in order to fill in the request for the Green Pass.

Alternatively, you can use a vaccination certificate issued by the health authority in your Country. The validity of vaccination certificates is the same as for the Green Pass issued in Italy, provided that they meet specific requirements.

They must contain, at least:
• identification data of the owner (name, surname, date of birth);
• data relating to the vaccine (name and lot);
• date(s) of administration of the vaccine;
• identification data of the issuer of the certificate (State, Health Authority).

Vaccination certifications, in paper and/or digital format, must be drawn up in at least one of the following languages:
• Italian;
If the certificate was not issued in one of the above mentioned four languages, a sworn translation must be attached.

If you have been vaccinated with a vaccine not currently recognized in Italy, please wait for further updates. At the time being, the only way to obtain the Green Pass is to have a negative swab, as specified above.

If you have not yet been vaccinated in your country, you can do it in Italy by accessing the following link: https://prenotazionevaccinicovid.regione.lombardia.it/. 

In order to book an appointment for the vaccine, you will need the Health Insurance Card, if you already have one, or the Fiscal Code (tax code). If you still do not have a tax code, you can obtain a temporary code to book the appointment, by calling from Italy, and from a mobile phone, the toll-free number 800 894 545 (selection 1, post selection 3), only if you are planning to be vaccinated in Lombardy.

In particular, we have been assigned a reference vaccination hub located at Fabbrica del Vapore, via G. Procaccini 4, Milan. Further information and full list of vaccination hubs are available on the portal, which is also accessible for students from our Regional Campuses.
HOW TO OBTAIN A GREEN PASS

CHECK THIS PAGE.

First part refers to the requirements to obtain the Green Pass.

Second part is about the apps that can be used to download the Green Pass.
Fill in the form:

**Segnalazione del mancato ricevimento della Certificazione verde COVID-19 (EU digital COVID Certificate)**

Compila le domande contenute in questa maschera per segnalare il mancato ricevimento della Certificazione verde COVID-19 (EU digital COVID Certificate)

**Informativa privacy**

**Informazioni Anagrafiche:**

Possede un codice fiscale italiano? 
- [ ] Yes - Type it below
- [x] No - Move on to next section
PERSONAL DETAILS

Specificare un documento di riconoscimento:

Tipo documento *
- Passport
- Identity Card
- Driving Licence
- Other

Numero di documento *

VACCINATION DETAILS

IF YOU ARE NOT VACCINATED, NOR YOU HAVE RECENTLY CONTRACTED COVID19, SELECT “Invia” AND SUBMIT THE FORM.

Otherwise, MOVE ON TO NEXT SECTIONS.
IF YOU ARE VACCINATED:

- Vaccine which you had first dose with:
  - Pfizer
  - Moderna
  - AstraZeneca
  - Johnson & Johnson
  - Other

- Date of first dose (DD/MM/YYYY)

- Vaccine center where you had your first dose:
  - Lombardy
  - Italy but outside Lombardy
  - Abroad

- Name of vaccine center

- Have you had a second dose?
  - Yes
  - No

- Add same details as for first dose
- Move on to next section

IF YOU HAD COVID19:

- Where did you get Covid19?
  - In Lombardy
  - In Italy but outside Lombardy
  - Abroad

- Date of first positive swab

- Attach positive swab receipt

- Are you cured of Covid19?
  - Yes
  - No
IF YOU ARE CURED OF COVID19:

Call the toll-free number if you need further assistance.
