Starting Courses – PHD SCHOOL

PROF. ARNABOLDI MICHELA, PROF. DE BRUIJN JOHAN ADAM

ADVANCED INTERACTION SKILLS FOR ACADEMIC PROFESSIONALS

The Course mainly contributes to the following Programme Learning Goals: Ability of originating, designing, and managing research projects Ability of studying research problems in innovative and open-minded contexts also by leveraging strong academic connections and relationships with firms and public bodies. The course aims at developing skills that contribute to a more effective collaboration, both internally and externally. Internally, the skills will contribute to the quality of the research and the quality of the management of research projects. Externally, the skills will contribute to more visibility and impact of PhD students in networks of universities, industry and governmental agencies.

From 19th to 23th January 2026

PROF. CONCI CLAUDIO, PROF. KILIAN SUSANNE CHRISTINE

COMMUNICATION STRATEGIES THAT SCORE IN WORLDWIDE ACADEMIA

To gain surprisingly efficient strategies for globally successful communication: Discover the unwritten rules of global English in academia; Avoid misunderstandings in international co-operations right from the start; Win resources for mutual goals and success.

From 12th to 16th January 2026

PROF. MASARATI PIERANGELO

ETHICAL ASPECTS OF RESEARCH ON DUAL-USE TECHNOLOGIES

Introduce ethical issues, with specific reference to research on dual-use products in aerospace engineering, and challenge the capability of students to identify potential ethical issues in their activity and address them

From 14th to 16th January 2026

PROF. VOLONTE' PAOLO GAETANO

INTRODUCTION TO ACADEMIC RESEARCH

This course aims at offering to Ph.D. students awareness of the social and institutional framework of doing research, with particular focus on research for planning, design and

techno-scientific disciplines. It provides a comprehensive and reflexive introduction to academic research and academic life.

From 20th January to 11th February 2026

PROF. DI BLAS NICOLETTA

PROFESSIONAL COMMUNICATION

The goal is to enhance students' communication skills in public speaking and written communication (special emphasis on project proposals and scientific papers writing). A quote by MIT communication instructors summarizes the goal: "engineers who don't write [=communicate] well end up working for engineers who do write well".

From 8th to 29th January 2026

PROF. MANCINI MAURO, PROF. FAVARI EDOARDO

PROJECT MANAGEMENT (IN ACTION)

The course aims at introducing the students in the characteristics of project-based operations and offering them the opportunity to take confidence on the tools and techniques for the planning and control of projects starting from their application in the academic and professional experience of the students. Multiple sectors will be specifically addressed as Oil and Gas, civil and Services - in order to share practical techniques to manage small, large and mega projects.

From 19th to 23rd January 2026

PROF. OSSI PAOLO MARIA, PROF. MAFFINI ALESSANDRO

SULLA RESPONSABILITÀ ETICA DELLA TECNICA

Ogni studente prende parte attiva all'analisi critica delle argomentazioni filosofiche presentate nelle lezioni. Nella parte conclusiva del corso si affronta un Seminario tematico su un tema suggerito dagli studenti, analizzando, a partire da una selezione di testi, le modalità con cui la tecnologia incide sull'organizzazione della vita civile, con particolare attenzione ai quesiti etici determinati da tale impatto.

From 8th January to 25th February 2026

**PROF. LAVAGNA MONICA, PROF. DOTELLI GIOVANNI, PROF. MELIA' PACO VASCO ALDO,
PROF. RIGAMONTI LUCIA**

SUSTAINABILITY METRICS, LIFE CYCLE ASSESSMENT AND ENVIRONMENTAL FOOTPRINT

The objective of the course is to introduce to the use of environmental sustainability metrics as tools that measure the benefits achieved through a sustainability strategy, leading to informed environmental decisions. The course will explain in detail the LCA methodology, with examples and exercises.

From 26th January to 6th February 2026
