The University periodically draws up and publishes a list of the accredited photographers on its website and prepares identification badges displaying name, surname, ID photo, expiry date and, if applicable, name of employer/legal entity. Photographers who are not included in the list of accredited photographers will not be allowed to carry out the service in any way, unless personally invited and commissioned by graduating students. Accredited photographers must always wear the aforementioned identification badge while on University premises to ensure that their authorization is visible to University staff.

Accredited professional photographers must perform their services in a professional manner and shall under no circumstances, throughout their period of accreditation, charge prices higher than those specified by the

University

Maximum rates chargeable, by accredited photographers, for prints of the formats listed below:

- 15x21cm €4.00 each
- 20x25cm €6.50 each
- 20x30cm €8.00 each
- high-resolution digital photo €8.00 each

Fees for extra and customized services, other than prints in the formats listed above, shall be subject to free negotiation between accredited photographers and students
